

Dear friends,

Allow me to put a very important question on you; my good friend from Zagreb is the leader of very successful children group »Ethno« from Zagreb, Croatia. Children are from 8 – 12 years old. Please, see the photos attached.

He asked me to help him in searching a nice Children folklore festival in this year, which would take place in a period in between 15th June – 10th July 2010. But he is also interested in other possible dates, for example in April, May, June, July or August.

The Children folk dance ensemble (leader and artistic director is Mr. Goran Kovacic, the most recognised folklore expert in Croatia) is one of the top children folk dance groups in country. »Ethno« Children group is definitely the best group in their home town Zagreb, capital of Croatia. Their dances cover the entire country, all the regions and the quality of ensemble is on the highest level possible. Unless I never ask you for your attention.

Dear friends, in case you are interested I would ask you to send me the permission to give your E-mail addresses to Goran and he could contact you by himself. Thank you very much in advance!

With kindest regards,
Alenka
