

Istanbul Harman Folklore & Youth Sport Club organisation would like seeing your dance group in INTERNATIONAL ANTALYA folklore culture festival, which will be held JUNE - AUGUST-SEPTEMBER 2011. We are willing to organise, expand this International folklore festival every year and would like to see different cultures from all over the World.

1-INTRODUCTION

Our aim is not only to bring different culture together but also we will be so glad to introduce our historical ancient beside providing you wonderful beaches at MEDITERRANEAN seashore and mythology , historical and lovely manavgat waterfalls at the south region part of Turkey .

The beach is, of course, one of Side' main attractions, and it is hard to rival the quality of the sand or the length of the beach, with plenty of space to sunbathe even in high season. The beaches are situated to the east and west of the old town - to the west is the main hotel area so the beaches are busier with more activities. To the east the beach is undeveloped and much quieter - wander amongst the sand dunes and be surprised by ancient ruins. **Distance To The Antalya Airport: 60 km To The Center Of Manavgat: 3 km .To Antique Side: 1,5 km (15-20 minutes (on foot)**
