**Dear Friends of Folklore,**  
greetings!

We would like to introduce ourselves and offer our collaboration intention.

We are a managing office and we are working with different folklore dance groups, brass bands, theaters, orchestras, choirs from various countries of Europe, Asia, etc. We have good, qualified cooperative groups in the following countries: Hungary, Serbia, Montenegro, Croatia, Turkey, Greece, Spain, Poland, Latvia and *much more*. These groups are already prepared for participation. Dancing groups perform traditional and original dances, music and costumes which load their performances. Brass bands and other musical groups also have a lively and appropriate fest programs.

As we have seen your web-site, we would like to extend our invitation to your group for cooperation. If you are interested in participating in festivals throughout Europe, Asia and beyond, please let us know where you would like to go. Share your biography and photos with us and we will send you offer.

Some of our groups are also interested in participation at international festivals, including the one's that might be available in your country in case they could make the time. We would like to learn which groups from various countries would you possibly like to invite and would be happy to introduce them to you. Also, it would be beneficial to know whether there might be some groups you are already working with and if you desire to make any new contacts.

We thank you for the time you took to read our offer and would be happy to hear from you and learn about your perspective at your earliest convenience.

Yours sincerely,

**Balint LACKO**
